

PREPARING TO QUESTION DR. TEED.

The "Koresh" Promises to Make Replies to Normal-Parkers Tonight.

The bomb found near Dr. Teed's "heaven" at Washington Heights was taken yesterday by Officer McNeil to the Englewood Station, where it remains locked in the Captain's safe. The committee appointed at the meeting of citizens at Normal Park Saturday night met at the residence of Mr. Saunders, No. 6892 Wright street, last night. Inquiry was made at the "Sunlight Flats" whether "Koresh" was there. It was ascertained that he was not, but word was sent to the committee that Dr. Teed would surely meet it tonight. The committee then devoted itself to formulating a set of questions to be asked Dr. Teed. The committee will report the result of the conference at an adjourned mass-meeting tomorrow evening.
